Decodables by Jump!

Decodables by Jump! begins with the very basics of phonetically decodable reading. Starting with the earliest step of CVC words (consonant, vowel, consonant) and building on this combination slowly, the reader follows a prescribed format supported by the science of reading to encourage reading development. This systematic and sequential approach supports most phonics programs.

Comic Decoders

The beautiful comic format was chosen to provide an appealing and familiar format to beginning readers. The story unfolds and provides oral language opportunities with the graphics. The text is structured for decoding so it is very limited in word range. The children will be able to decode or be presented with prior familiarisation with sight words. Children will immediately find these attractive and fun readers a great way to practise their decoding.

Search for Sounds

The Search for Sounds series is designed to help students develop phonemic awareness within the context of story and picture. Students are presented with wordless books and have fun finding items in the pictures that highlight target sounds. Each sound's related letter is also on the page in a clear lower case font. Cumulative read-aloud texts linked to the pictures are read by the teacher and present social studies and science concepts of interest to young children. Some of the books include recurring characters exploring the topics while others are more typical nonfiction. Interest will be generated as your students work to isolate, identify, and link the sounds to words. The books include lists of suggested words/sounds to search for as well as a note to the caregiver. Downloadable Teacher's Guides are available.

Friends and Family Fun

Students will be excited to explore this series of decodable books for early readers. Recurring characters and familiar contexts such as home or a park are mixed with humor, action, and fun. Readers will cheer as Ben gets a new pet or Zack sees a whale. Each cumulative book is for readers just beginning to decode words. The books begin by introducing the short vowels one at a time within a consonant-vowel-consonant pattern. Later books encourage the readers to incorporate consonant digraphs into their blending. Limited high-frequency words and supportive pictures help the reader successfully navigate the text while they practice essential decoding skills. Each title includes a note to the caregiver and a word list that is organized by Focus words, High-Frequency words and Challenge words. Downloadable Teacher's Guides are available.

Things We Like to Do

This series of decodable books for early readers explore activities that offer a mix of the familiar and a little bit new. Each cumulative book helps readers learn to incorporate consonant blends and key suffixes in their reading. The books introduce each new blend while incorporating patterns that were previously taught in this set of books and earlier Decodables sets. Examples of high frequency words are also included. The Things We Like to Do series offers intriguing books with ample opportunities to practice the central blend. Each title includes a note to the caregiver and a word list organized by Focus words, High-Frequency words and Challenge words. Downloadable Teacher's Guides are available.

Activities with Friends

Activities with Friends is a set of six delightful decodable books designed to provide young readers with chances to work with long vowels in vowel-consonant-e pattern words. The cumulative stories are peopled with a recurring set of young friends who have lots of fun playing and exploring together. Readers will feel right at home as they discover the friends' adventures while also discovering their talents as decoders of long vowel words. Each book in the series includes a note to the caregiver and a word list that is organized by Focus words, High-Frequency words and Challenge words. Downloadable Teacher's Guides are available.

Fables and Folktales

This decodable series offers illustrated retellings of nine classic fables and folktales. Some will be very familiar; others may be less so. All provide a great opportunity for students to dive into cumulative lessons that feature complex letter combinations along with opportunities for critical thinking. They will learn to recognize many r-controlled vowels, diphthongs, complicated vowel teams, the -le syllable, and a range of prefixes and suffixes while also considering some life lessons. Each book includes a glossary, note to the caregiver, and a word list that is organized by Focus words, High-Frequency words and Challenge words. Downloadable Teacher's Guides are available.

This fun and memorable second-grade set includes sequenced decodable books, #1–#15. The books introduce early readers to new sounds and progressively develop phonological awareness, phonics knowledge, and high-frequency word recognition. Four books in this set are text-first books, offering decoding practice without illustrated clues first, then the text is repeated on the next spread with pictures. Each book includes a helpful family engagement page plus the phonics focus and high-frequency words learned. This set aligns with the Science of Reading and Structured Literacy. This 15-book set includes: The Hot Day, The Pink Mink, Phil Finds Food, The Duck Ball, The Gruff Troll, The Smith's Farm, Chalk Pictures, Jeff Camps, All about Ants, Rudy, the Hero in a Cape, Daisy's Day, Places Close By, The Car Pool, The Fourth Chair, and The March Fair.
